About Chaco Canyon Organic Café

Our goal at Chaco Canyon is to continually seek to set the standard on what it means to be a Sustainable Cafe. We make all business decisions with the goal of having people, the planet and profitability in balance. We never compromise on our mission, and our ultimate goal of having zero impact on the planet. We wear our hearts on our sleeves and demonstrate this in the way we welcome and take care of customers and employees, donate to local and national causes that share our values, source our ingredients, and prepare every dish. We give people (and ourselves) goosebumps with what we show is possible with a cafe, and what a difference one place can make for the world and our community. We currently have three locations, with interest in growing to have a few other locations around Seattle in the future. The bigger we grow, the more we want to adhere to our values, which are:

- Having equal respect for our planet, our community, and our employees, and continually refining our business practices to reflect this respect
- Creating a welcoming space for and bringing unique products and services to a diverse community
- Fostering contribution and a safe place to be human
